

ACADEMIC CALENDAR - FALL 2009
BLENDED LEARNING

Use this calendar as an aid in determining when your Blended Learning or Telecourse class meets. Refer to your course schedule to determine the day code for your course. Then locate the corresponding day code on the calendar below. For example, if you register for a Blended Learning course that is offered on Thursday with a day code of R1, your class is scheduled to meet every other week. The first day of class will be September 3, then you meet again in two weeks on September 17. Taking a class with a day code of R1, means that you can take another course at the same time on alternate Thursdays. Look for courses that have a day code of R2. In that case, your Thursday class with R2 day code meets for the first time on September 10, then meets every other week following the R2 day code on the calendar below. Blended Learning courses meeting on alternate weeks have a course section number 380, 381, 382, etc.

Blended Learning courses and Telecourses with a day code of F4, are scheduled to meet four Fridays during the semester. Saturday classes have a day code of S4 and Sunday class day codes are U4. For example, a Telecourse scheduled on Sunday (U4) will meet for the first time on September 13, followed by meetings on October 11, November 8 and December 13. Blended Learning courses meeting 4 times are identified by course section number of 370, 371, 372, etc. Telecourses sections numbers are 377 and 378.

Blended Learning courses that meet every week are not included on the calendar.
